

CD LONG PLAY WAIVER

Master Deviation Agreement

Yellow/Red Book

According to both Yellow and Red Book specifications, the maximum playing length of a Compact Disc is 74 minutes, 40 seconds or 660 MB. You the Client may, without further obligation, exceed the standard listed above. Should you, the Client, decide to exceed the specification listed above, the following rule shall happen.

o The customer signs this Master Deviation Agreement.

o As part of this Agreement, the client shall hold Furnace MFG, its officers and employees harmless from any litigation or expense arising out of the customer's choice to knowingly exceed the standard as stated above.

o The customer stipulates that Furnace MFG, has notified them of the dangers inherent in exceeding the standard, and have strongly recommended to the customer the utilization of a warning label and indemnification to be printed on the direct imprint of the CD label graphics, and/or on printed inlay or booklet in plain view for the customer to read:

"WARNING : CD exceeds the present standard stated valid by Philips/Sony specifications. It is possible that some CD players will not play this CD in its entirety. Mastering problems can also be present when length specification has been exceeded."
