RELEASE TO PROCEED WITHOUT VINYL TEST PRESSINGS

This waiver only applies if you do not order vinyl test pressings.

Date: _____

Estimate #: _____

Job Title: _____

Catalog #: _____

Company: _____

Furnace MFG cannot be held responsible for any sound, quality or processing errors if the client does not order test pressings with their vinyl order. The client agrees that any and all submitted materials are received as is and will be considered to be finished product ready for manufacturing. Furnace MFG and it's manufacturing partners will not make any adjustments or look for possible errors. By signing this waiver, the customer understands that although Furnace MFG will take all precautions to eliminate any errors in the cutting and test press process, a vinyl test pressing is a proof of our work, we are human and mistakes are sometimes made. Without a Test Press approval, the customer is liable for the final product without exception. Furnace strongly suggests not waiving the test press process.

The authorized signature below is Furnace MFG's authorization to proceed with the job without test pressings.

Please sign and fax back to (703) 205-2951.
